SPRING 2014 CONVENTION KIT

92ND ANNUAL

IZAAK WALTON LEAGUE NATIONAL CONVENTION

BUENA PARK, CALIFORNIA • JULY 16–18, 2014

FROM THE DESERT TO THE MOUNTAINS TO THE SEA, CONSERVATION TODAY FOR A BETTER TOMORROW

League members from across the country will gather in California this summer for our national convention. It's the best chance you'll have this year to expand your Ike network, share ideas about chapter programs that work, learn about national conservation issues, and attend workshops on new tools to help your chapter succeed in reaching out to members, the community, and policymakers.

Our keynote speaker, Marjorie Swann, will talk about our organization's namesake with "Izaak Walton: Founding Father of the Conservation Movement." Walton and his book about the art of fishing – *The Compleat Angler* – inspired the Izaak Walton League's founders in 1922 and continue to inspire Ikes today. At our national convention, Marjorie Swann will discuss Walton's pioneering environmental vision and its relevance today.

The Izaak Walton League national convention is where business gets done – and the Ikes have some fun! The Early Bird Party will have a new twist this year, while the Parade of States brings everyone together to share food and drink from across the nation. We recognize extraordinary individuals and promising programs among all our chapters at two awards functions. And we close out the week with a gala banquet.

Stay a few extra days in Anaheim to enjoy all the area has to offer. From amusement parks and a science center to beautiful beaches and coastal wetlands, there's plenty nearby to entertain Ikes of all ages.

Looking forward to seeing you in July!

KEYNOTE SPEAKER

Marjorie Swann, PhD.

Editor, Professor of English

In April, Oxford University Press released a new edition of *The Compleat Angler* – the first scholarly edition of Izaak Walton's famous fishing manual to be published in more than 25 years. Editor Marjorie Swann, who specializes in 17th-century English literature, added an introduction to the work, 50 pages of explanatory notes that help put the book in today's context, and a glossary of angling terms.

Swann earned her B.A. in English from Queen's University in Canada and her master's and doctoral degrees in Renaissance English literature from Oxford University.

Swann has taught at several universities, including Princeton, the University of North Texas, Southern Methodist University, and the University of Kansas, where she was both a faculty member in the Department of English and the director of the Museum Studies Program. She is now Professor of English at Hendrix College in Arkansas and a member of the Izaak Walton Cottage Chapter of the Izaak Walton League of America.

WORKSHOPS

Workshop topics and descriptions are subject to change.

Thursday Afternoon Workshops

Exciting workshops designed to energize you and your chapter....workshops will be offered on Thursday afternoon, July 17 from 2pm – 4pm. Each workshop will be presented twice and run for an hour to allow participants to pick and choose the sessions they wish to attend.

Starting a Save Our Streams Program at Your Chapter

Did you know that only around 19% of the streams in the U.S. are monitored for water quality? The Izaak Walton League pioneered volunteer water quality monitoring and stream restoration with our Save Our Streams program. If more chapters monitor water in their watershed we can have a greater impact on clean water in America. Learn about water quality monitoring and how you can use the data you collect to prevent pollution and restore streams in your community. Find out more about tools and resources available from the League to help your chapter initiate and run successful stream monitoring and restoration programs.

Communicating Effectively with the Public About Conservation and Natural Resources - *Mark Damian Duda*

Thursday's keynote speaker provides practical guidance about how to effectively communicate about conservation. Learn how planning ahead, understanding your audience, and thinking locally can help you and your chapter achieve your communications goals. This workshop is designed for volunteers and highlights proven communications techniques that engage citizens, the media, and policymakers.

Energy Efficiency and Renewable Energy in Your State & Community

The League has been a leader on clean energy policy for decades. We have done most of our good work in Minnesota, but the lessons learned there can be shared for even more effective advocacy in other regions. We are now looking to use what we have learned in Minnesota to help other chapters improve their ability to understand and influence local and state policy to benefit consumers, increase energy efficiency and renewable energy opportunities, and advance other conservation priorities. Join us to discuss strategies and tactics for improving energy policies and programs in your region.

Conservation Means a Lot of Things

The Izaak Walton League is one of the oldest and most important conservation organizations in the country. There is a lot you, your chapter, and your Division can do to continue our long, proud tradition of advancing conservation in many different ways, across issues and actions and at different levels. Join your colleagues and national staff to discuss how League chapters and Divisions can best make a difference for conservation – at your chapter, in your community, and at the state and national level. If you have questions about how to get started or take things to the next level, this workshop can help.

BUSINESS

VOTING AT THE CONVENTION

Each delegate is entitled to one vote. However, if the number of chapter delegates at any session is less than the number of delegates to which the chapter is entitled, the chapter delegation may collectively cast the same number of votes as the number of delegates to which that chapter is entitled.

Each chapter is entitled to name one alternate for each delegate. However, an accredited alternate may vote only in the absence of the original delegate. (For more specific information about the voting rights of delegates and alternates, see Article 7, Section 7.5 of the IWLA Bylaws in the back of your national directory.)

Major actions of delegates include voting on adoption of convention rules; approving minutes from last year's convention; electing national officers, regional governors and directors at large; voting on policy resolutions; and voting on the 2016 national convention site.

Board of Directors

The Board of Directors is composed of the national president, vice president, treasurer and secretary, in addition to regional governors, past national presidents, national directors and directors at large. The directors will hold a short meeting during the convention.

Major actions of the Board include approving minutes of the midwinter meeting, voting on proposed bylaws amendments and electing Executive Board members.

All IWLA Members

All members of the League are also members of the IWLA Endowment Inc., a separate corporation that receives earmarked and general contributions for financing conservation projects. The Endowment Board will hold a meeting during the convention, and a slate of candidates for election to the Board will be presented. Any Ike at the convention may vote for the candidates.

CONVENTION DELEGATES AND BUSINESS

Delegates are the IWLA chapters' official representatives at the national convention, and they play a key role in determining the League's direction for the coming year. In addition to electing national officers, delegates serve on committees and vote on conservation policy resolutions.

Chapters may elect or appoint their delegates. The number of delegates allotted to each chapter is determined by the chapter's size. (Allotments are listed on pages 9-10.) Allotments are based on membership figures from the end of the previous year.

After a chapter has named its delegates, the delegate accreditation form on page 11 must be completed by a chapter official and submitted to the national office by June 15. Delegates also must present a signed accreditation form at the convention's registration table to receive delegate credentials.

Your Voice in League Policy

The convention provides all members and chapters an opportunity to participate in IWLA conservation policy-making through national resolutions. Proposed national resolutions should be sent to the national office as soon as possible. No resolutions will be accepted after July 2, 2014.

Every year, Ikes, chapters and divisions draft resolutions outlining recommendations to local, state and federal agencies and others about various natural resource issues. Each resolution submitted is considered by an appropriate resource committee composed of members appointed by the League's national president. The resource committees are the following:

- Fish and Wildlife
- Public Lands
- Sustainable Resources
- Agricultural Affairs
- Energy and Environment
- Water Resources
- Outdoor Ethics
- Environmental Education

A separate resolutions committee — consisting of the chairs of each resource committee — makes final recommendations on resolutions before they are presented to convention delegates for a vote. Jeff DeChamps of Maryland is chairman of the Resolutions Committee. Resolutions that are formally adopted become official League policy and guide the position statements of League staff and officers.

All resolution submissions should do the following:

- State that the proposal is intended for consideration at the national convention.
- Be written in simple essay form (not in the "whereas style").
- Include background articles, fact sheets, studies or other information with the proposal to give the committee a better understanding of the issue and its importance.
- Identify and credit the author of the resolution.
- Identify someone familiar with the resolution and its history who will be prepared to speak to the committee at the convention.

Send your resolutions, with a cover letter indicating they are to be considered for adoption as national policy, to IWLA Convention Staff, Attn.: Resolutions, 707 Conservation Lane, Gaithersburg, MD 20878-2983.

Bylaw Changes

Proposed amendments to the IWLA bylaws must be submitted by June 16 to receive consideration at the convention. Timothy W. Reid, chairman of the Governance and Bylaws Committee, requests that a proposed amendment have the backing of a chapter or division if originated by a chapter member. Please send proposed bylaw amendments to IWLA Bylaws Committee, Timothy W. Reid, 3530 Chalet Lane, Crete, IL 60417-1109.

SHALLOW FOOTPRINTS

Adopted by the League twelve years ago, our Shallow Footprints program has become second nature to most of us. Hotels everywhere have adopted a sustainability policy at some level of their operations. The Buena Park Holiday Inn has a conservation policy in place that lets you determine just how much you want done in your room (e.g., linen service).

Look for the League door hanger in your room. Please make sure to use it **every day** to indicate your laundry preference. You can also make arrangements with the housekeeping person on your floor.

And don't forget:

- **recycle paper and containers**
- **turn off lights and appliances when you leave the room**
- **draw your room blinds to keep the heat out**
- **turn off the tap while you brush or shave**
- **set air conditioning to a moderate temp when you are gone**

DELEGATE ACCREDITATION

Instructions

Both delegate accreditation forms must be filled out by a chapter officer. On each form, the officer should:

1. Print the name(s) and membership number(s) of the chapter's delegates.
2. Assign each delegate a number of votes. The total of all delegates cannot exceed the total allocated to the chapter.
3. Enter the chapter's name and number.
4. Reproduce enough forms so each chapter delegate and alternate has a copy to bring to convention. (Reproduce forms before the officer has signed the form.)
5. Have a chapter officer sign each certificate and provide his or her title. Each certificate must have an original signature. Without the signature, the certificate is not valid.
6. Print the name and address of the person signing the form.
7. Give each delegate and alternate a signed certificate to take to the convention.
8. Send the completed, signed national office copy so it is received at the national office by June 20, 2014.
   Mail to the Izaak Walton League of America, Attn.: Mary Rubin, Membership Department, 707 Conservation Lane, Gaithersburg, MD, 20878-2983 or fax to (301) 548-0146.
