ZEBCO® "FAMILY FISHING" PROGRAM 2014

Welcome to the Zebco "Family Fishing" program, where the focus is on the fun and excitement of fishing. This is your guide to starting or organizing a fishing derby for participants of all ages.

Zebco takes great pride in our fishing education programs. We have supported and assisted hundreds of urban, suburban, and rural fishing programs and fishing camps across the United States and Canada.

In 2014, Zebco will sponsor fishing derbies nationwide. Check your local newspaper or with your local B.A.S.S. Federation chapter for information.

Take Me Fishing!

What is the ZEBCO "FAMILY FISHING" PROGRAM?

At Zebco, introducing families to the joy of fishing is our only business. Zebco is known the world over for its dedication and commitment to helping families enjoy a day together in the great outdoors. We believe it is critical for families to get outdoors and enjoy nature and the water. This love of nature and family bonding time creates memories that will last a life time.

The purpose of the Zebco "Family Fishing Program" is to provide discounted rods and reels for non-profit organizations to experience a fishing derby. The program is offered to youth groups, churches, schools, fishing clubs and other non-profit organizations. The discount offered through this program is the largest discount program offered by Zebco for any purpose.

We appreciate your enthusiasm and willingness to coordinate your family fishing project. We wish you the best of luck in your endeavor.

FAMILY FISHING EVENT TIPS:

We at Zebco consider ourselves to be experts in family fishing. Here are a few tips we have learned when planning a fishing event:

- **Have Fun!** This should be a fun activity for everyone. Participants should go home feeling like a winner whether they caught a fish or not.
- **Age Limit.** We suggest setting no age limits to include kids, teenagers, adults, seniors, etc.
- **Derby Hours.** It's best to limit Derby hours – we suggest 9 a.m. to noon.
- **Site Location.** Pick a site where the participants can fish from the shore. Farm ponds, small lakes, or city lakes are ideal. Piers and docks are nice also.
- **Fish.** Whatever you do – make sure you have fish! Check with your state fish and wildlife department to see if the body of water you have selected has fish, and ask them what their policies are regarding stocking the waters there with fish for your event.
- **Tackle.** Encourage the participants to bring their own rod and reel to the derby. Be sure to have some extras available just in case.
- **Bait.** Check with a local bait dealer to ask them to run a special on worms and minnows for the derby, or ask them to donate bait for the event. They may even want to come and sell bait at the event.
- **Registration.** Registration is important so you'll have an accurate record of whom and how many participated.
- **Prizes.** Prizes are great for recognizing the participants' fishing efforts. It is best to make it easy for all entrants to win prizes, such as "tagging" a certain number of prize fish, judging by weight (both smallest and largest, biggest stringer, etc.). Ask local merchants for their help. Tackle boxes, reel/rod combinations, caps, t-shirts, bobbers, etc. are always great prizes.
- **Clean-Up.** It is very important to leave the area at least as clean as you found it. This is a good lesson for families too. So, why not engage their help in picking up any litter?

PURCHASING Rods and Reels

Zebco's "Family Fishing Program" discount allows you to purchase new Zebco tackle for your family fishing event. The items listed below are available to you through this program. Purchased items must be used for a fishing event or program or given as prizes. **The tackle is not to be resold**. Use of this program is a privilege and Zebco reserves the right to refuse order or discontinue the program at any time.

Items can be viewed at www.zebcofishing.com
