

**Iowa Events**  
January 1981 - December 2005

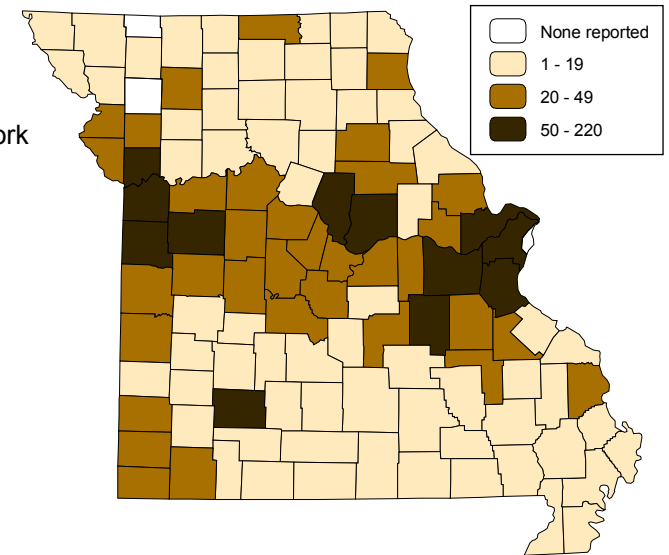

**Izaak Walton League of America  
Fish Kill Advisory Network  
Fish Kills and Manure Spills**

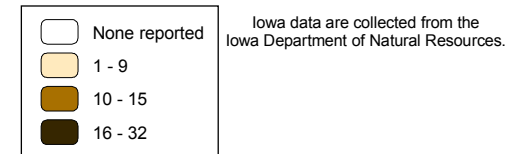

The Izaak Walton League's Fish Kill Advisory Network (FKAN) maintains a central fish kill and manure spill database for the Upper Mississippi River Basin states: Minnesota, Wisconsin, Iowa, Illinois and Missouri. Data are collected from state agencies and due to limited state reporting do not necessarily reflect all occurring events.

*The Fish Kill Advisory Network has been able to do this important work thanks to generous financial support from the McKnight Foundation.  
Thanks also to ESRI for in-kind donations.*

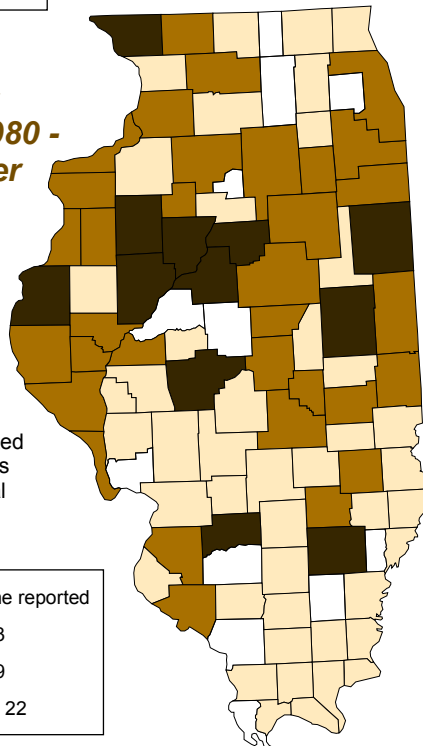

**Missouri Events**  
January 1980 - December 2005

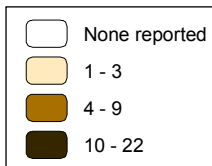

Data are from the Missouri Department of Conservation and the Missouri Department of Natural Resources.

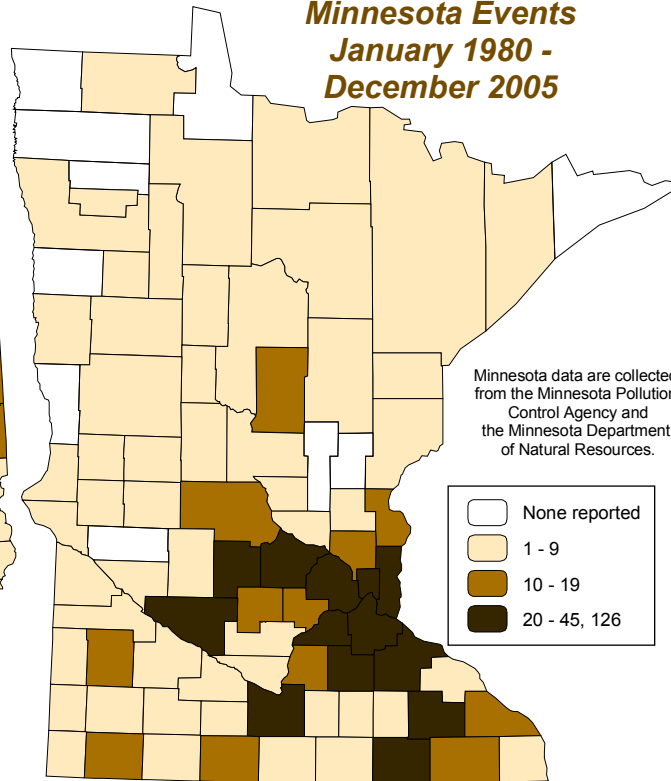

**Illinois Events**  
January 1980 - December 2005

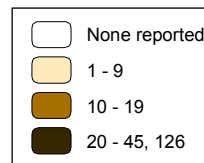

Data are collected from the Illinois Environmental Protection Agency.

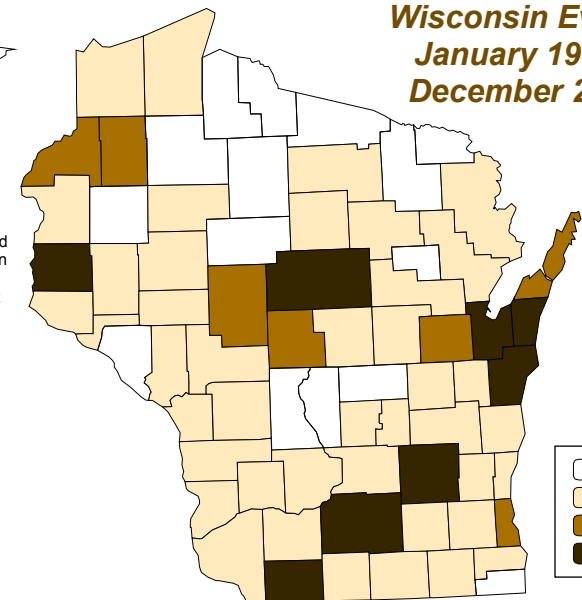

**Minnesota Events**  
January 1980 - December 2005

Minnesota data are collected from the Minnesota Pollution Control Agency and the Minnesota Department of Natural Resources.

**Wisconsin Events**  
January 1988 - December 2005

Wisconsin data are collected from the Wisconsin Department of Natural Resources. At the present time, data are only available from 1988 to the present.
