Attach a summary of the chapter's qualifications to this form. Please consider each of the following questions when completing the nomination and answer each as thoroughly as possible. Remember that the awards committee members are not familiar with every chapter's programs and this information is designed to help the committee learn enough about each chapter to make a knowledgeable decision. Include supporting material with the nomination (such as news clippings or letters of recommendation).

-  How long has the chapter been conducting the program(s) they are being nominated for?
-  Describe the specific membership recruitment and/or retention activities the chapter conducts. Consider details such as how many chapter members are involved in conducting these programs (i.e., a membership committee of people), how often the program takes place (such as a new member orientation event), how long the program lasts (i.e., a current member takes a new member "under his wing" for the first two months or a committee makes calls to expired members once a month), etc.
-  Are there specific programs or activities the chapter offers that serve as strong draws for new members?
-  What are some positive outcomes of the chapter's efforts (such as regular new member joins, increased member renewals, increased member knowledge of chapter programs and conservation efforts, etc.)?
-  Are there other details that will help the committee learn about the chapter's programs?

NOTE: If selected to receive this award, you need to be prepared to supply photos of the chapter's related activities for potential future use in "Outdoor America" magazine and on the League's website.
