How to take a Stream Selfie

Take the first step in our Clean Water Challenge!

**STEPS**

1. Get Your Feet Wet!
   Find an easy and safe spot to get stream-side on your favorite stream.

2. Find Your Shot & Snap
   Turn your locations services ON and take a photo of you and your stream with your smartphone.

3. Go to SciStarter.com
   In your web browser, type in scistarter.com/streamselfie

4. Upload Your Photo
   Upload your photo to the map.

5. Answer a Few Questions
   Tell us a little bit more about your stream.

6. Click Submit
   Thank you! This data will help us monitor more streams.
