

# How to take a Stream Selfie

*Take the first step in our Clean Water Challenge!*

## STEPS

Please do not take photos of lakes, ponds or large rivers.

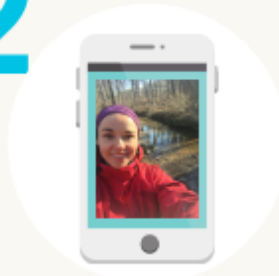

1

### Get Your Feet Wet!

Find an easy and safe spot to get stream-side on your favorite stream.

2

### Find Your Shot & Snap

Turn your location services ON and take a photo of you and your stream with your smart phone.

3

### Go to SciStarter.com

In your web browser, type in [scistarter.com/streamselfie](http://scistarter.com/streamselfie)

4

### Upload Your Photo

Upload your photo to the map.

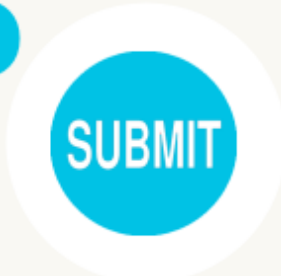

5

### Answer a Few Questions

Tell us a little bit more about your stream.

6

### Click Submit

Thank you! This data will help us monitor more streams.
