

Committee Sign-Up Sheet for 2021-2022

The Izaak Walton League must continue the important conservation efforts it started years ago. This work cannot be done without the national Resource and Standing Committees. The Resource Committees play a central role in evaluating and approving resolutions submitted by League chapters, divisions and members. Resolutions that are approved by the delegates at the National Convention become League policy. These policies guide the League's conservation and advocacy work at the local, state and national levels. Standing Committees contribute to essential League functions, including member and chapter awards and the annual youth convention.

If you are interested in serving on a Resource or Standing Committee, please complete this form. **Even if you currently serve on a committee, please fill out a form.**

NAME _____

ADDRESS _____

CITY _____ **STATE** _____ **ZIP** _____
